

BRIGHTNESS BEAUTIES GUARDIAN HOME CONTRACT (Male)

The Program:

Brightness Beauties will provide a guardian family with a fabulous and healthy puppy or adult dog at no cost. The guardian family will then raise, train, and care for the dog just like a family normally would. The dog will come back to Brightness Beauties periodically for breeding purposes until the end of the breeding contract, at which time Brightness Beauties will pay to Spay/Neuter and permanently retire the dog to the guardian family. Our guardian program is a win/win for our breeding dogs and guardian families. It gives our dogs the benefit of going to their forever family instead of being raised in a kennel environment and it gives our guardian families the opportunity to receive a beautiful puppy without the expense of an upfront fee. This program helps us keep a larger more diverse breeding and allows us to put all our focus, attention and energy on the breeding process. It also allows us to give our puppies the attention, socialization, and love that is required to raise happy and healthy pups. The Guardian Program takes a special person/family that understands breeding and knows they are helping to enrich our breeding program.

Brightness Beauties will:

Provide a puppy/dog free of charge, answer questions and communicate regularly regarding breeding needs. We will give a 3 day advance notice for breeding related visits that we will need to take the male to. We will provide care support when needed and pay for certain costs relating to health testing and other breeding related expenses along with neuter at the end of the contract. We will provide a safe, clean, and happy environment for our breeding dads while they are in our care. Brightness Beauties remains as primary contact for microchip information for the duration of the contract.

TERMINATION OF CONTRACT

Brightness Beauties reserves the right to terminate the contract at any time if the guardian is non-compliant with any of the terms within. If the contract is terminated the puppy/dog will need to be surrendered back to Brightness Beauties within 24 hours. There are very few reasons Brightness Beauties would terminate a contract and remove a puppy/dog from a guardian home.

The following is not a complete list but includes some of the most common:

- ✓ The dog is not supervised, the dog gets out or goes missing
- ✓ The dog is bred by accident
- ✓ The dog is neglected or abused
- ✓ Guardian family moves or cannot afford to care for the dog
- ✓ The dog needs be rescued from an animal shelter.

If guardian puppy/dog dies while in the care of guardian home due to careless accident or neglect or the dog has a procedure unauthorized by Brightness Beauties, including but not limited to spaying prior to the end of the contract terms the guardian agrees to pay Brightness Beauties the current worth of the dog and future litters up to \$25000.00.

If the dog dies of natural causes, determine by autopsy, the contract terminates and neither party has any further obligation to the other party.

TRANSFER OF OWNERSHIP

Ownership shall transfer from Brightness Beauties to the guardian home once Brightness Beauties determines that the dog will no longer be used for breeding. Brightness Beauties will pay/reimburse up to \$250 at the time or after procedure for neuter of the dog at a vet of guardian's choice. Full ownership will only transfer from Brightness Beauties to the guardian home once neuter has been completed and receipt has been received by Brightness Beauties. At no time will breeding rights be given to guardian home. Guardian understands that Brightness Beauties does not guarantee guardian dog size, color, temperament, shedding, or health. Guardian agrees to return puppy/dog promptly if determined to be non-compliant by Brightness Beauties.
